**Technical Manager,
Factory Automation
to broach new market**

The SNC Group is expanding its North American computer-integrated automated manufacturing market.

We are looking for a specialist administrator who knows factory automation technology and has the leadership abilities to train and manage a team of creative and dynamic experts.

The ideal candidate has a university degree in mechanical, electrical or industrial engineering and a minimum of 5 years' experience in the design, sale and installation of automated hardware and software systems in manufacturing plants in the United States and Canada.

If this describes you, here is the perfect opportunity to join **the SNC Group**, one of the world's leading engineer-constructors, which is celebrating its 25th anniversary this year and was recently rated one of the 100 best companies to work for in Canada.

Salary, benefits and career opportunities are excellent. To know more, send your resume to:
