Re: SNC Inc.

Dear Mr. Chisholm :

I have received your letter dated December 17, 1993. As discussed in the past, the writer has no mandate to follow up this matter with you.

All of the counselling and negotiations were done to assist you. We had the attention of SNC and they made it very clear that they were willing to help you in finding work by appointing for your need a professional that would have assisted you in your quest.

This gesture was human in nature and SNC did not and does not feel having any legal obligation, especially since a ruling by the courts has concluded this matter.

Please take my advice and do not pursue your request any further.

Yours respectfully,

**CHARTRAND, LAFRAMBOISE & ASSOCIATES**
